MEMORANDUM FOR THE CHIEF, LEGISLATION DIVISION, OFFICE OF  
LEGISLATIVE LIAISON, CENTRAL INTELLIGENCE AGENCY

SUBJECT: Draft Fiscal Year 1986 Intelligence Authorization Bill

The draft Fiscal Year 1986 Intelligence Authorization bill was referred to the following offices of the DoD for review and comment: General Counsel, Deputy Under Secretary of Defense (Policy) and Deputy Assistant Secretary of Defense (Intelligence).

As a result of a detailed policy review of title V of the proposed bill, title V's provisions were substantially revised in an effort to enhance the acceptability of the bill. The revised version explains the purpose of the bill; provides definitions limiting the scope of the bill; expands upon the coordination provisions; and clarifies its oversight provisions. Please substitute the attached revision (which is in the form of a separate bill) for the language contained in title V of the proposed bill and delete the sectional analysis of the bill following page 6 of the Section-by-Section Analysis and Explanation of the proposed bill.

Our General Counsel's Office is interested in making the provisions of sections 402, 403 and 405 (insofar as they apply to security determinations) and 404 fully applicable to the DoD. While we understand your concern that such action would require multiple referrals of the bill among congressional committees, we request consideration of a united strategy.
